

# Business Connect Adventure Overview & Products

# Brands

**Aquatabs** is committed to providing a positive health impact globally. Their products help reduce contaminants and harmful microorganisms in water, improving quality of life around the world.

**Coldstream** is a water purification company that provides efficient undercounter and countertop systems. Their ceramic filters are sustainably made in their solar- and wind-powered facilities and are designed to protect against dangerous contaminants like PFAS.

**OSMO Technology Solutions** is a company based in Oregon. They developed the desalination filter pouch using forward osmosis technology and removing the limitations of hydration from saltwater.

**Procter & Gamble** is a multinational consumer goods corporation. Through P&G Purifier Of Water, P&G provides portable water treatment solutions that can be taken anywhere.

**Praqua** seeks to meet the need for safe water by creating products that are affordable and accessible. Their heart is to end the water crisis with products that provide portable sources of safe water.

**Thyrosafe** is manufactured by Astrea Fontaine SAS, France, who has more than 20 years of experience in manufacturing Potassium Iodide tablets. Thyrosafe was developed to protect the thyroid against radioactive iodine released during a nuclear emergency.

**Uzima** has both retail and non-profit fronts which are dedicated to aiding in clean water provision worldwide. Their water filters are an immediate solution to unsafe water.

**Vivoblu** works to make water purification more available by centering versatility, adaptability, and durability in their designs, with a particular interest in improving the lives of children in the slums of India and Rwanda.

**Wateroam** is a social enterprise that seeks to serve underprivileged water-lacking communities around the world. Their focus surrounds improving the quality of life of individuals in majority world countries through clean water access.

# Brand Growth & Partnership Opportunities

The brand of Business Connect Adventure is best understood by our four values: joy, adventure, peace of mind, and expertise. We want to bring joy to all of your adventures through peace of mind and expertise on quality products. Our U.S. market consists of three categories of products: adventure water supply, emergency readiness products, and household water purification. We have seen immense growth within our products over the past several years, with three main manufacturers rising to the top: Aquatabs, Puribag, and Uzima.

Our goal is to continue to increase our brand growth year after year and grow widely within the U.S. as a well-known staple for water purification solutions. We can do this through continuation of sharing our values and maintaining and creating strong partnerships.

In the world of water, cooperation and collaboration make everything possible. We participate in a variety of partnership models across the nation to make safe water more accessible.

## E-Commerce

Our products can be easily and effectively sold through online platforms. In the past, partners have been successful selling Business Connect Adventure goods through their own company websites.

## Retail Storefront

Our products are also well-suited for sale in brick and mortar stores. Partners using this model receive and sell Business Connect supplies.

## Wholesale

It is also possible to become a wholesale distributor of Business Connect's products. We communicate with our manufacturers to be able to offer our products at competitive prices and will work to find a margin for you and your business.

## Personal Selling

We are also proud to support individual entrepreneurs and offer partnership opportunities for vendors selling from their own brand.

# Adventure Water Supply

A person wearing a blue plaid shirt is filling a blue water bottle from a stream. The water is clear and reflects the surrounding environment. The person's hand is visible, holding the bottle. The background shows a natural setting with trees and a body of water.

Looking for products that you can take on any outdoor adventure? Look no further! The products in this section are perfect for camping, hiking, traveling, and any outdoor activity. They easily store in your backpack and have long shelf lives, making them great assets to carry along with you.

Take a look at our list of outdoor products and what each one can offer you!

# AQUATABS

## 49 mg Tablet x30, x50, x100

**SKU:** TAB30, TAB50, and TAB100  
**Size:** 8.3 x 0.44 x 5 inches  
**Weight:** 0.32 ounces

Aquatabs 49 mg tablets are your go-to water purification tablet for any kind of adventure. Each tablet dissolves quickly, disinfecting water in 30 minutes. Just 1 tablet can treat up to 0.5 gallons of water.

### KEY HIGHLIGHTS

1. Protects against giardia cysts, bacteria, and viruses
2. Tablets come in water-resistant foil packaging
3. EPA registered

# Adventure Water Supply

**SKU:** PG12PK  
**Size:** 9 x 12 x 1 inches  
**Weight:** 0.2 lbs

## P&G Purifier of Water

The freedom to pack light for an adventure and be well-prepared has never been easier! P&G Purifier of Water packets treat 10 L of contaminated water in just 30 minutes. Give yourself peace of mind and room in your pack with this easy to use water purifying solution.

### KEY HIGHLIGHTS

- 1. Compact packaging to carry on-the-go
- 2. EPA and WHO tested and approved
- 3. Treats large volumes with just one packet

# PURIBAG

## Adventure Pack

**SKU:** PURIAP

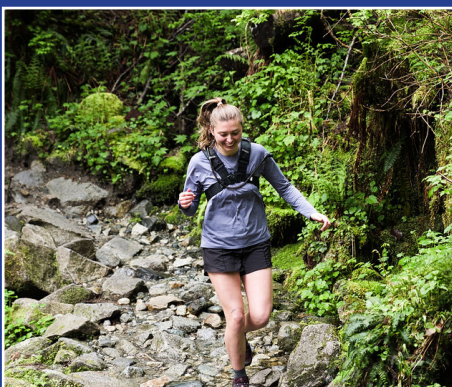

**Size:** 16.5 X 8.5 x 4.5 inches

**Weight:** 2.62 lbs

The Puribag Adventure Pack is your all-in-one source for hydration and carrying your outdoor essentials. This small backpack contains an inline water filter so you can refill at any freshwater source.

### KEY HIGHLIGHTS

1. Guards against dirt, sediment, bacteria, protozoa, and parasites
2. Unique design sets this hydration pack apart from others
3. Fills up instantly and lasts for up to 5000 L

**SKU:** PURIMIC

**Size:** 7.5 x 4.5 x 2.5 inches

**Weight:** 0.34 lbs

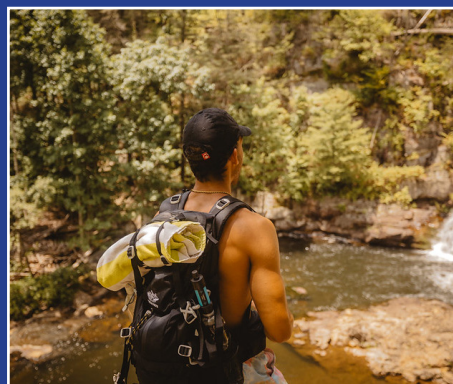

## PURIBAG Micro Membrane Filter Straw

Perfect for outdoor adventures and emergency situations, the Puribag Micro Membrane Filter Straw saves space and weight in your backpack. Attach this mini water filter to a water bottle for easy hydration.

### KEY HIGHLIGHTS

1. Weighing less than 2 ounces, this mini filter will save space in your pack
2. Seamless installation by just attaching the straw to your water bottle
3. Protects against harmful waterborne contaminants

# PURIBAG

## Original and Pro Series

**SKU:** Original PURI; Pro PURISYS  
**Size:** Original - 12 x 4 x 3 inches; Pro 12 x 4 x 3.5 inches  
**Weight:** Original - 0.665 lbs; Pro - 0.928 lbs

The perfect on-the-go water purification system! The Puribag is a 10 L (2.5 gallon) filtration system that takes only 30 minutes to clean unsafe drinking water on any adventure. These systems come with a 12 pack of P&G Purifier of Water.

### KEY HIGHLIGHTS

1. Protects against bacteria, viruses, chemicals, and even heavy metals
2. WHO tested and certified
3. Lightweight and easily stored

**SKU:** UZBP

**Size:** 14 x 8.5 x 4 inches

**Weight:** 1.713 lbs

# UZIMA

## UZ-BP

The UZ-BP Backpack System is a practical and durable water filter for those who are on the move. Ditch the inconvenient water jugs. This hands-free water transportation source is just what adventurers need.

## KEY HIGHLIGHTS

1. Lightweight alternative to bulky water jugs
2. 0.1 Micron hollow fiber membrane for powerful filtration
3. Holds 17.5 L of water (four times the water an average filter bag can hold)

# UZIMA

## Z-Source Water Bottle

**SKU:** ZS

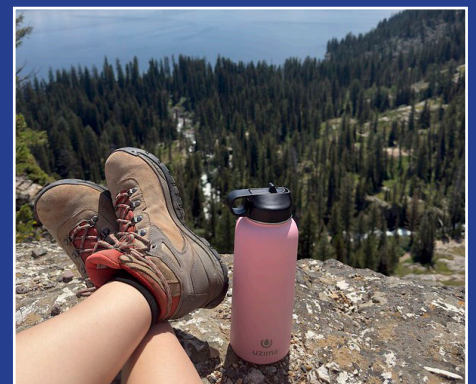

**Size:** 76 x 6 x 11 inches

**Weight:** 2 lbs

Quench your thirst with the Z-Source stainless steel water bottle! With a hollow fiber membrane straw, the 32 oz insulated bottle is the perfect travel companion when taking on the great outdoors.

### KEY HIGHLIGHTS

1. Filtration system allows immediate access to clean water when drinking
2. Highly effective 0.1 micron filter protects against harmful pathogens and microplastics
3. Designed to sip comfortably and withstand environmental abuse

**SKU:** VCFF

**Size:** 9.5 x 14.5 x 2 inches

**Weight:** 0.661 lbs

## VIVOBLU Core Family Filter

Whether high up in the mountains or deep in the wilderness, Vivoblu's Core Family Filter supplies clean water wherever and whenever you need it. This versatile water filter can be used with any bucket or barrel, making it an easy and effective clean water solution—it can even be used as a straw!

### KEY HIGHLIGHTS

1. Incredibly fast flow, supplying up to two liters per minute
2. No backflushing design means easy maintenance
3. Long-lasting (2+ years) with filter protected from outside environment

# VIVOBLU

## Freedom Bundle

**SKU:** VBFB

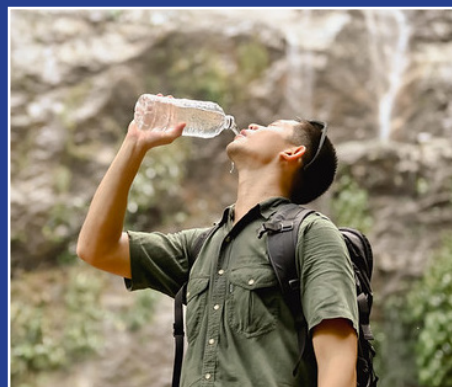

**Size:** 4 x 8 x 4 inches

**Weight:** 1.848 lbs

Make your easy clean water routine even easier with the Vivoblu Freedom Bundle! With both the Vivoblu Backpack and the Core Family Filter, now you can ensure that you won't have to worry about clean water—time to focus on your adventures!

### KEY HIGHLIGHTS

1. Dispenses clean water with a fast flow of two liters of water per minute
2. Easy to use and fits seamlessly with the Core Family Filter
3. Globally certified safe water, meeting NSF, ANSI, and EPA safe water standards

# Emergency Readiness

Our emergency readiness products are perfect for any emergency situation, natural disaster, or survival prep. These quality products will ensure that any person involved in an emergency will be well-prepared. Water purification solutions need to be tried and tested for these types of scenarios, and that is exactly what we provide in the listings to follow.

**SKU:** SLG4

**Size:** 9 x 12 x 1 inches

**Weight:** 0.69 lbs

## OSMO Seal

The Osmo Seal combines sports drinks and clean drinking water all in one. These pouches will fill up to 250 ml in saltwater and 380 ml in fresh water. Comes in a pack of 4 or 8.

### KEY HIGHLIGHTS

1. Forward osmosis technology filters both fresh and salt water
2. Improves the taste of salty, dirty water to a flavored sports drink
3. Lasts for up to 7 years from date of manufacture

# OSMO

## WaterDrop

**SKU:** WD05

**Size:** 1 x 6.5 x 11 inches

**Weight:** 12.31 ounces

On-the-go emergency readiness has never been easier than with the Osmo WaterDrop. Filter fresh or brackish water up to 400 ml and turn it into an orange-flavored sports drink. Comes in a pack of 2 or 5.

### KEY HIGHLIGHTS

1. Forward osmosis technology filters both fresh and salt water
2. Improves the taste of dirty water to a flavored sports drink
3. Lasts for up to 7 years from date of manufacture

SKU: TS6520

Size: 4.5 x 2 x 0.5 inches

Weight: 00.04 lbs

# ThyroSafe

## ThyroSafe

ThyroSafe tablets offer crucial radiation protection during nuclear emergencies, preventing harmful iodine intake into the thyroid. FDA-approved and suitable for all ages, each tablet is scored for easy dosing.

### KEY HIGHLIGHTS

1. A US FDA-approved radiation protection tablet
2. Have a shelf life of up to 10 years, making them great prepper gear and supplies
3. FDA-approved potassium iodide can be taken by family members of any age

# UZIMA

## UZ-1

**SKU:** UZ1

**Size:** 9.5 x 7.5 x 2 inches

**Weight:** 0.377 lbs

Reliable, durable and perfect for off-the-grid, the Uzima UZ-1 is the staple Uzima water filter. The straightforward gravity technology serves as an effective clean water solution and a solid replacement filter for Uzima's UZ-BP Backpack System and UZ-2.

### KEY HIGHLIGHTS

1. Quick and easy maintenance to ensure longevity
2. A fast flow rate of 1 L per 2 minutes
3. Protective 0.1 micron barrier filters 99.999% of bacteria

**SKU:** UZ2  
**Size:** 10 x 10 x 18  
**Weight:** 4.8 lbs

## UZIMA UZ-2

The UZ-2 is just the product for those who want to skip the lengthy installation and get straight to the action. With a stacked-bucket purification system, this water filter is perfect for all sorts of environments.

### KEY HIGHLIGHTS

1. Decreases plastic waste by reusing filtration containers
2. Fast flow rate of 1 LPM and filters upper container in 15 minutes
3. Virtually little to no installation time: buckets attach smoothly

# WATEROAM

## ROAMfilter Mini 2

Meet our always-ready solution: the Wateroam ROAMfilter Mini. This lightweight ultrafiltration filter is versatile, effective, portable, and doesn't need electricity to use.

### KEY HIGHLIGHTS

1. Assemble in under a minute!
2. Removes 99.99% of bacteria and viruses
3. Can be used as a portable filter on the go or an inline filter at home

SKU: RFM2

Size: 20 x 8.5 x 8.5 inches

Weight: 8.4 lbs

SKU: RFP2

Size: 6.5 x 8 x 30 inches

Weight: 11.15 lbs

# WATEROAM

## ROAMfilter Plus 2

Slim and efficient, the Wateroam ROAMfilter Plus provides ultrafiltration for large groups of people, making it perfect for prepositioning in emergency or for rural development.

### KEY HIGHLIGHTS

1. Supplies safe water for large groups of people
2. Portable design means you can take it with you in the remotest of areas
3. Assemble in under 1 minute

# Household Water Purification

Our household water purification solutions provide safe, great-tasting water for an entire family's needs. These products combine innovative technology and practical designs to protect household water from contaminants.

Discover our household water purifiers and what benefits they have below!

# AQUATABS

## 397 mg

SKU: TUB100

Size: 9.5 x 7.5 x 1 inches

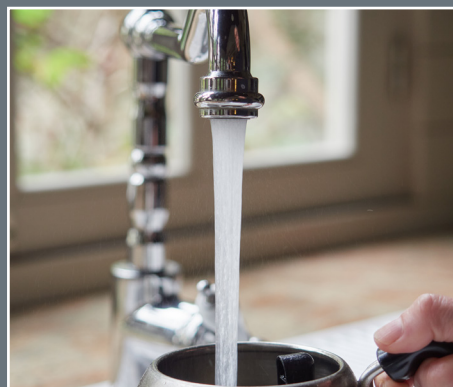

Weight: 0.147 lbs

Ditch the drama of unsafe water with an Aquatabs 397 mg tablet. Drop one tablet in up to 4 gallons of questionable water and remove bacteria, viruses, and cysts in 30 minutes.

## KEY HIGHLIGHTS

1. EPA registered for reliable purification
2. Tamper-proof tub goes further
3. Lightweight and compact for travel & storage

SKU: CF163W

Size: 12 x 4 x 4 inches

Weight: 1.510 lbs

## COLDSTREAM FTO Plus

Remove bacteria, heavy metals, chemicals, pesticides, and other unwelcome intruders from your water supply with Coldstream FTO Plus.

### KEY HIGHLIGHTS

1. Removes 99.9% of most common contaminants
2. Improves taste and smell of water
3. 95% plastic free for a safe and sustainable choice

## COLDSTREAM Undercounter and Countertop Units

Fresh water at your fingertips:  
The Coldstream Stainless Steel  
Countertop and Undercounter Water  
Filter Systems use a Coldstream MAX  
filter to eliminate contaminants such  
as microorganisms, heavy metals,  
PFAS, and microplastics from your  
home water source.

### KEY HIGHLIGHTS

1. Removes 99.9% of most common contaminants, including PFAS
2. Improves taste and smell of water
3. 95% plastic free for a safe and sustainable choice

**SKU:** Countertop - CF54W; Undercounter - CF521W  
**Size:** Countertop & Undercounter - 12 x 4 x 4 inches  
**Weight:** Countertop - 0.7 lbs; Undercounter - 1.2 lbs
