

HYDRATION

AQUA-GARD

Hydration Gel Packets

Aqua-Gard is a portable, shelf-stable hydrating gel designed for outdoor adventurers who need reliable hydration in challenging conditions. With less than 50% of the weight of water, it hydrates more efficiently, resists microbial contamination, and is perfect for extreme environments like deserts, mountains, or remote expeditions.

Key Features

- 💧 Resists damage when air-dropped, floats
- 💧 Shelf-life of 60 months, no refrigeration required
- 💧 Hydrates at less than 50% the weight of water

How to Use:

1. Tear open packet and consume gel

Why choose Aqua-Gard?

Durable Design — These gel-packets resist damage when air-dropped and float in water.

Long Lasting Product — Aqua-Gard has a shelf-life of 60 months from date of production and does not require refrigeration.
