

UZIMA UZ-1

Reliable, durable and perfect for off-the-grid, the Uzima UZ-1 is the staple Uzima water filter. The straightforward gravity technology serves as an effective clean water solution and a solid replacement filter for Uzima's UZ-GP Backpack System and UZ-2.

Key Highlights

1. Quick and easy maintenance to ensure longevity
2. A fast flow rate of 1 L per minute
3. Protective 0.1 micron barrier filters 99.999% of pathogens
